

MERRY CHRISTMAS

Dear Santa Claus

My name is Anh Minh. I am in 5th grade. I study at Long Bien Primary school. Today, I want to write to you to share a little story of mine.

Last week, on my way home from school, I saw an elderly lady standing by the side of the road. The elderly lady seemed to have trouble crossing because there were so many cars. I quickly ran over, held the elderly lady's hand, and helped her cross the road safely. The elderly lady smiled and thanked me, and it made me feel very happy.

Santa, this year, I don't wish for a gift for myself. Instead, I hope you can bring lots of warm clothes to children in need. I know there are many kids who don't have enough clothes to stay warm during the cold winter, and I hope these gifts will make them feel cozier and happier.

Thank you so much, Santa! I promise to study hard and continue doing good deeds.

Wishing you and your reindeer a Merry Christmas!

Sincerely
Le Anh Minh
