Nowadays, the environment of our school is getting more and more polluted, so I think we should take actions to protect it. Firstly, we do not throw rubbish inside or outside classrooms. It is easy to put our wastes in dustbins instead of throwing away. Secondly, we should not write or draw anything on desks or walls. I think that this action is not good because we are destroying the school property. Thirdly, the classrooms should be cleaned every day. Students should sweep the floor after the last class. Finally, we should water trees and plants at school regularly. Trees will help us limit air pollution.
